IBM CLOUD DASHBOARD

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows the URL <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (suriyapragasam S's Ac...). The main content area is titled "Dashboard" and features a "For you" section with several recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Explore IBM Cloud Shell" (Try a command-driven approach for creating, developing, and deploying a web project), "Create and deploy an application" (Browse our starter kits, and then select one to jump start the process to create and deploy your app), "Visit the IBM Cloud catalog" (Explore our unique product catalog that contains 190+ services and software for your business solutions), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), and "Invite Users" (Invite users to join your account and get started or something new). Each action card includes a "Getting started" button and a time estimate. Below the "For you" section, there are four more cards: "News" (WebSphere Application Server Support Restatement, IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco), "Recent support cases", "Planned maintenance", and "IBM Cloud status" (which includes a world map). The bottom of the dashboard shows a Windows taskbar with the date 12-11-2022 and time 10:01.
